

MIDWAY STAR ACADEMY Student Device Program Agreement

Computer technology is increasingly vital for public education in the 21st Century. Accordingly, the Midway Star Academy will, to the extent feasible, issue a school-owned laptop computer (a "District Student Device") at no charge to each duly enrolled student in grades K-8 for approved educational purposes.

By signing this form, the student and/or parent/guardian named below (the "Student" and the "Parent/Guardian") certify that they understand and agree to the following:

1. Any School Student Device is to be used for approved educational purposes only and remains the property of MSA at all times. If instructed to do so by any MSA teacher or administrator, the Student or Parent/Guardian will immediately surrender possession of any School Student Device.
2. The Student's possession and use of any School Student Device will be governed at all times, on or off campus, by all applicable policies and regulations of MSA. It is the responsibility of the Student and Parent/Guardian to familiarize themselves with such policies and regulations, which may be accessed on the district website or inspected during regular business hours at the Student's assigned school. These policies and regulations may be revised from time to time.
3. The Student's possession and use of any District Student Device will be governed at all times, on or off campus, by the MSA Student Device Terms & Conditions and the MSA Device Care & Use Guidelines. The Student and Parent/Guardian are expected to familiarize themselves with these terms, conditions, and guidelines, which may be accessed at the links above or inspected during regular business hours at the Student's assigned school.
4. The Student's possession and use of any District Student Device will be governed at all times, whether on or off campus, by all applicable laws, including but not limited laws prohibiting hacking, copyright infringement, and illegal file-sharing. The Student and/or Parent/Guardian shall be solely responsible for any violations of civil or criminal law committed by the Student by means of any District Student Device.
5. Any misuse of the District Student Device or violation of any of the laws, policies, regulations, terms & conditions, or guidelines referenced above may result in additional restrictions on the Student's access to a District Student Device. As explained in more detail in the MSA Student Device Terms & Conditions, students whose District Student Device is lost, stolen, destroyed, or significantly damaged more than once may be required to leave any district-issued replacement at school and become a "Day User" only.
6. Any District Student Device may be inspected at any time by MSA officials, with or without prior notice, either in person or remotely via the Internet, consistent with School Technology Policy Use. The Student and Parent/Guardian have no reasonable expectation of privacy to any data or information of any kind contained on any District Student Device, which shall at all times remain MSA property and is intended to be used only for approved educational purposes.
7. If the Student opts to bring an approved Personal Device to school instead of using a District Student Device, all certifications above still apply when the Personal Device is located on MSA property, and the Student and Parent/Guardian will be solely responsible for maintenance, repairs, or replacements. MSA also maintains authority over the use of its servers, networks, and other technology resources at all times, regardless of whether a Personal Device or District Student Device is used.

PLEASE PRINT ALL INFORMATION

Student Name _____
Last Name First Name Student ID #

Parent/Guardian Name _____
Last Name First Name

Parent Email Address _____

Address _____

Home Phone _____ **Work Phone** _____ **Other Phone** _____

I understand and agree to the information contained in both sides of this form and accept a District Student Device on behalf of the Student consistent with the laws, policies, regulations, terms & conditions, and guidelines described on the reverse.

I decline the use of a District Student Device and will instead provide the Student with a Personal Device meeting the specifications of the Midway Star Academy for educational use at school and at home. I understand that if the Personal Device is lost, stolen, destroyed, significantly damaged, or determined to unsuitable for MSA educational purposes, there is no guarantee that MSA will be able to provide a District Student Device to replace it and that the Student's educational progress may be compromised until the Personal Device is repaired or replaced at my sole expense. I further acknowledge that MSA does not provide technology support for Personal Devices, and I assume all risk that the Personal Device may not perform reliably or well in the MSA technology environment, even if it meets the specifications of the MSA Student Laptop Terms & Conditions.

DESCRIPTION OF PERSONAL DEVICE:

Manufacturer: _____

Model: _____ Operating System: _____
